

Consent for Dental Treatment - General

Oneida Dental PLLC

Patient Name: _____ Date of Birth _____

Cleaning (prophylaxis):

Proposed treatment: involves thorough cleaning of teeth to help heal inflamed or infected gum tissue. It involves removal of soft plaque build-up and harder calculus deposits above and below the gum line.

Benefits of treatment: healthy oral environment; also, reduction/elimination of bleeding, odor and periodontal disease.

Alternatives of treatment: referrals for periodontal (gum) surgery according to the severity of condition.

Common risks: bleeding, soreness, swelling, infection of tissue, hot and cold sensitivity, stiff or sore jaw joint.

Consequences of not performing the treatment: discontinued or interrupted treatment could result into further inflammation and infection of gum tissues, lead to tooth decay, and deterioration of surrounding bone structure which could lead to tooth loss.

Anesthetic:

Proposed treatment: injection of anesthetic to surrounding oral tissues.

Benefits of treatment: numbness of tissue and muscle surrounding area of treatment to eliminate pain sensation.

Alternatives to treatment: dental restorations performed with no anesthetic resulting in severe sensitivity and pain.

Common risks: allergic reaction, irritation to nerve tissue, stiff or sore jaw joint, swelling of tissue, bruising and may cause temporary or permanent paralysis.

Consequences of not performing the treatment: severe pain and sensitivity.

Fillings:

Proposed treatment: to remove dental caries and replace with filling material to regain proper tooth anatomy.

Benefits of treatment: restore tooth structure for proper function.

Alternatives of treatment: temporary filling, crown, extraction.

Common risks: allergic to filling material, tooth sensitivity, filling may come out.

Consequences of not performing the treatment: further spread of decay, requiring root canal treatment or severe destruction resulting in tooth loss.

Amalgam (Silver) VS. Composite (Tooth Color):

Amalgam advantages include; Strong, can stand up to biting force, cost effective, resistance to further decay is high, risk of sensitivity is lower, long lasting.

Disadvantages include; less attractive than tooth color alternatives, placement may require removal of healthy tooth structure, corrosion may darken the appearance.

Composite advantages include; Color and shade can be matched to the teeth, permits preservation of as much tooth structure as possible, frequency of repair is low.

Disadvantages include; Can break or wear out quicker than silver, more expensive, may leak over time requiring replacement, can create sensitivity to cold.

Tooth Extraction:

Proposed treatment: complete removal of a tooth from the mouth

Benefits of treatment: to relieve symptoms and/or permit further planned treatment

Alternatives of treatment: depending on individual treatment needs: root canal treatment, periodontal therapy, crown or filling, no treatment

Common Risks: as with any surgical procedure; discomfort, bleeding, swelling, possible damage to adjacent teeth and/or soft tissue, transient numbness of the jaw

Consequences of not performing the treatment: increase in severity of pain, swelling, infection, and possible hospitalization and rare instances death.

I have read and understood the entire information on this consent form, which includes x-rays, cleaning, anesthetic, fillings, root canal treatment, crown and bridge, tooth extraction and dental implants. All my questions were answered to my full understanding and satisfaction. I have discussed treatment alternatives, risks, outcomes, and costs with my dentist and have had all of my questions answered before making a decision.

Further, I understand that dentistry is not an exact science and that there are no guaranteed results. Unless otherwise provided by law, I understand that I am responsible for payment of all dental fees not paid in full by any insurance or other applicable coverage. Having had adequate time to reflect upon the alternatives, I consent to the treatment, subject to changes in the treatment plan.
